

# The Evolution of Enterprise Communication – Clear Rate SIP Trunking

SIP Trunking is the **new age of technology** in voice communications.

## RELIABLE

Clear Rate SIP Trunking provides 100% digital service for superior reliability and the call quality. Our platform supports virtually every IP-PBX in the market today, so regardless of your hardware, Clear Rate will provide reliable, high-quality voice communications to your business.

## FLEXIBLE & FEATURE-RICH

We provide useful features like Caller ID, Direct Inward Dial Numbers (DID), unlimited local, unlimited long distance and 911 service. We can transfer your existing numbers seamlessly or you can add this service instead of ordering legacy analog lines. Clear Rate SIP Trunking is **available on a stand-alone basis**, so there are no hassles with getting service started or complex bundling of services.
